Councillors' Responsibilities and Approval

The Registrar shall keep true and accurate records of all income and expenditure as required by the Pharmacy Act 53 of 1974 and is responsible for the content and integrity of the financial statements and related financial information included in this report. It is the councillors' responsibility to ensure that the financial statements fairly present the state of affairs of the council as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with the International Financial Reporting Standard for Small and Medium-sized Entities. The external auditors are engaged to express an independent opinion on the financial statements.

The financial statements are prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgements and estimates.

The councillors acknowledge that they are ultimately responsible for the system of internal financial control established by the council and place considerable importance on maintaining a strong control environment. To enable the councillors to meet these responsibilities, the councillors set standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the council and all employees are required to maintain the highest ethical standards in ensuring the council's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the council is on identifying, assessing, managing and monitoring all known forms of risk across the council. While operating risk cannot be fully eliminated, the council endeavours to minimise it by ensuring that appropriate infrastructure controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints

The councillors are of the opinion, based on the information and explanations given by management that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the financial statements.

However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The councillors have reviewed the council's cash flow forecast for the year to 31 December 2017 and, in the light of this review and the current financial position, they are satisfied that the council has or has access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently auditing and reporting on the council's financial statements. The financial statements have been examined by the council's external auditor whose report is presented on page 4.

The financial statements set out on pages 6 to 24, which have been prepared on the going concern basis, were approved by the councillors on 10 May 2017 and were signed on its behalf by:

Prof M Chetty (President)

Mr. TA Masango (Registrar)

Ms. NP Thipa (Treasurer)

REPORT OF THE INDEPENDENT AUDITOR

To the Councillors of the South African Pharmacy Council

We have audited the accompanying financial statements of the South African Pharmacy Council which comprise the statement of financial position as at 31 December 2016, statement of comprehensive income, statement of changes in equity and the statement of cash flows, and a summary of significant accounting policies and other explanatory notes as set out on pages 8 to 22.

Councillors' responsibility for the Financial Statements

The Councillors are responsible for the preparation and fair presentation of these financial statements in accordance with International Financial Reporting Standards for Small and Medium-sized entities, and in the manner required by the Pharmacy Act 53 of 1974. This responsibility includes: designing, implementing and maintaining internal controls relevant for the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies, and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement

An audit involves performing procedures to obtain audit evidence about the amounts and disclosure in financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatements of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements fairly present, in all material respects, the financial position of the South African Pharmacy Council as at 31 December 2016 and of its financial performance and cash flows for the year ended in accordance with International Financial Reporting Standards for Small and Medium-sized entities, and in the manner required by the Pharmacy Council Act 53 of 1974.

Emphasis of matter

As disclosed in note 21 of the financial statements there were material prior period adjustments that were processed to recognise revenue from annual and registration fees In the correct accounting periods. Our opinion is not modified in respect of this matter.

Additional matters

We draw your attention to the matters below. Our opinion is not modified in respect of these matters.

Other report required by the Companies Act

As part of our audit of the financial statements for the year ended 31 December 2016, we have read the Councillors' Report for the purpose of identifying whether there are material inconsistencies between this report and the audited financial statements. The Councillors' report is the responsibility of the councillors. Based on reading these report, we have not identified material inconsistencies between the reports and the audited financial statements. We have not audited the report and, accordingly, do not express an opinion on it.

Unaudited supplementary information

The supplementary information set out on pages 23 to 24 does not form part of the financial statements and is presented as additional information. We have not audited this information and, accordingly, we do not express an opinion thereon.

Financial Statements for the year ended 31 December 2016

Councillors' Report

The council members have pleasure in submitting their report on the financial statements of South African Pharmacy Council for the year ended 31 December 2016.

1. Nature of business

The South African Pharmacy Council is a non-profit making statutory body governed by the Pharmacy Act 53 of 1974. The objectives of the council (as contained in the Act) may be summarised as follows:

- to assist in the promotion of the health of the population of the Republic;
- to advise the minister, or any other person, on any matters relating to pharmacy;
- to promote the provision of pharmaceutical care;
- to uphold and safeguard the rights of the general public to universally acceptable standards of pharmacy practice; and
- to establish, develop, maintain and control universally acceptable standards relating to pharmaceutical education and training, registration, practice and professional conduct.

There have been no material changes to the nature of the council's business from the prior year.

2. Review of financial results and activities

The financial statements have been prepared in accordance with International Financial Reporting Standard for Small and Medium-sized Entities and the requirements of the Pharmacy Act 53 of 1974. The accounting policies have been applied consistently compared to the prior year.

Councillors 3.

4. Events after the reporting period

In February 2017 Council signed a contract to purchase properties Erf 30 and Portion 1 of Erf 35 in Hatfield, Pretoria for future development at R15 Million to address problems of office space and parking for staff, public and pharmacy professionals. The purchase was financed from savings that had been made over prior periods.

5. Going concern

The councillors believe that the council has adequate financial resources to continue in operation for the foreseeable future and accordingly the financial statements have been prepared on a going concern basis. The councillors have satisfied themselves that the council is in a sound financial position and that it has access to sufficient borrowing facilities to meet its foreseeable cash requirements. The councillors are not aware of any new material changes that may adversely impact the council. The councillors are also not aware of any material non-compliance with statutory or regulatory requirements or of any pending changes to legislation which may affect the council

6. Auditors

Rakoma and Associates Incorporated were appointed as auditors for the 2016 period.

7. Audit committee

The audit committee is constituted in terms of the requirements of sound corporate governance practices and operates within that framework. The committee consists of non-executive members of which two are councillors and three are independent professionals with accounting, auditing, information technology and legal background. The committee meets at least three times a year.

The primary responsibility of the committee is to assist the councillors in carrying out their duties relating to accounting policies, internal control systems, financial reporting and practices. The external auditors formally report to the committee on critical findings arising from audit activities.

The committee members during the year were:

| Councillors | Office | Designation | Nationality |

Financial Statements for the year ended 31 December 2016

Accounting Policies

1. Presentation of financial statements

The financial statements have been prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities, and the Pharmacy Act 53 of 1974. The financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in South African Rands.

These accounting policies are consistent with the previous period.

1.1 Significant judgements and sources of estimation uncertainty

In preparing the financial statements, management is required to make judgements, estimates and assumptions that affect the amounts represented in the financial statements and related disclosures. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results in the future could differ from these estimates which may be material to the financial statements.

Critical judgements in applying accounting policies

The following are the critical judgements, apart from those involving estimations, that management have made in the process of applying the company accounting policies and that have the most significant effect on the amounts recognised in the financial statements.

Lease classification

The council is party to leasing arrangements, as a lessee. The treatment of leasing transactions in the financial statements is mainly determined by whether the lease is considered to be an operating lease or a finance lease. In making this assessment, management considers the substance of the lease, as well as the legal form, and makes a judgement about whether substantially all of the risks and rewards of ownership are transferred.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Useful lives of property, plant and equipment

The council reviews the estimated useful lives of property, plant and equipment when changing circumstances indicate that they may have changed since the most recent reporting date.

Impairment testing

The council reviews and tests the carrying value of property, plant and equipment and intangible assets when events or changes in circumstances suggest that the carrying amount may not be recoverable. When such indicators exist, management determine the recoverable amount by performing value in use and fair value calculations. These calculations require the use of estimates and assumptions. When it is not possible to determine the recoverable amount for an individual asset, management assesses the recoverable amount for the cash generating unit to which the asset belongs.

Provisions

Provisions are inherently based on assumptions and estimates using the best information available. Additional disclosure of these estimates of provisions are included in note 7 - Provisions.

Other estimates made

The council makes estimates for:

- the calculation of finance lease present values; and
- the determination of useful lives and residual values of items of property plant and equipment.

Financial Statements for the year ended 31 December 2016

Accounting Policies

1.1 Significant judgements and sources of estimation uncertainty (continued)

Trade receivables, Held to maturity investments and Loans and receivables

The Council assesses its trade receivables, held to maturity investments and loans and receivables for impairment at the end of each reporting period. In determining whether an impairment loss should be recorded in profit or loss, the Council makes judgements as to whether there is observable data indicating a measurable decrease in the estimated future cash flows from a financial asset.

The impairment for trade receivables, held to maturity investments and loans and receivables is calculated on a portfolio basis, based on historical loss ratios, adjusted for national and industry-specific economic conditions and other indicators present at the reporting date that correlate with defaults on the portfolio. These annual loss ratios are applied to loan balances in the portfolio and scaled to the estimated loss emergence period.

1.2 Property, plant and equipment

Property, plant and equipment are tangible items that:

- are held for use in the production or supply of goods or services, or for rental to others or for administrative purposes; and
- are expected to be used during more than one period.

Property, plant and equipment is carried at cost less accumulated depreciation and accumulated impairment losses. Cost include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Depreciation is provided using the straight-line method to write down the cost, less estimated residual value over the useful life of the property, plant and equipment as follows:

| Item | Depreciation method | Average useful life |
|---|---|--|
| Land Buildings Furniture and fixtures Motor vehicles Office equipment IT equipment Cell phones & tablets (included in office equipment) | Straight line | Indefinite 20 years 10 years 4 years 5 years 3 years 2 years |

Land is not depreciated as it is deemed to have an indefinite life.

The carrying values of property and equipment are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recovered. If any such indication exists and where the carrying values exceed the estimated recoverable amount, the assets or cash generating units are written down to their recoverable amount. The residual values and useful lives of each asset are reviewed at each financial period.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss in the period.

Financial Statements for the year ended 31 December 2016

Accounting Policies

1.3 Intangible assets

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets are initially recognised at cost.

All research and development costs are recognised as an expense unless they form part of the cost of another asset that meets the recognition criteria.

The amortisation period and the amortisation method for intangible assets are reviewed at each reporting date if there are indicators present that there is a change from the previous estimate. Amortisation is provided to write down the intangible assets, on a straight-line basis, as follows:

| Item | Useful life | |
|--|--------------------|--|
| Computer software Register (included in computer software) | 2 years 5 years | |

1.4 Financial instruments

Initial measurement

The council classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement.

Financial instruments at amortised cost

These include loans, trade receivables and trade payables. Those debt instruments which meet the criteria in section 11.8(b) of the standard, are subsequently measured at amortised cost using the effective interest method. Debt instruments which are classified as current assets or current liabilities are measured at the undiscounted amount of the cash expected to be received or paid, unless the arrangement effectively constitutes a financing transaction.

At each reporting date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If there is objective evidence, the recoverable amount is estimated and compared with the carrying amount. If the estimated recoverable amount is lower, the carrying amount is reduced to its estimated recoverable amount, and an impairment loss is recognised immediately in profit or loss.

1.5 Leases

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership to the lessee. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

Finance leases - lessee

Finance leases are recognised as assets and liabilities in the statement of financial position at amounts equal to the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation.

The lease payments are apportioned between the finance charge and reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of on the remaining balance of the liability.

Operating leases - lessee

Operating lease payments are recognised as an expense on a straight-line basis over the lease term except in cases where another systematic basis is representative of the time pattern of the benefit from the leased asset, even if the receipt of payments is not on that basis, or where the payments are structured to increase in line with expected general inflation.

Financial Statements for the year ended 31 December 2016

Accounting Policies

1.6 Impairment of assets

The council assesses at each reporting date whether there is any indication that an asset may be impaired. If there is any indication that an asset may be impaired, the recoverable amount is estimated for the individual asset. If it is not possible to estimate the recoverable amount of the individual asset, the recoverable amount of the cash-generating unit to which the asset belongs is determined.

If an impairment loss subsequently reverses, the carrying amount of the asset (or group of related assets) is increased to the revised estimate of its recoverable amount, but not in excess of the amount that would have been determined had no impairment loss been recognised for the asset (or group of assets) in prior years. A reversal of impairment is recognised immediately in profit or loss.

1.7 Employee benefits

Council operates a defined contribution plan, the assets of which are held in a separate trustee-administered fund.

Under defined contribution plan the council's legal or constructive obligation is limited to the amount that it agrees to contribute to the fund. Consequently, the actuarial risk that benefits will be less than expected and the investment risk that assets invested will be insufficient to meet expected benefits is borne by employees.

The benefits payable by the fund in the future, due to retirements and withdrawals from the fund, are contributions by members to the fund together with fund interest at a rate determined by the valuator with the consent of the trustees. The rate is so determined that the value of total benefits of the fund shall not exceed the value of the total assets of the fund. Council's contribution to the plan is charged to the income statement when incurred.

1.8 Provisions and contingencies

Provisions are recognised when:

- the company has an obligation at the reporting date as result of a past event;
- · it is probable that the company will be required to transfer economic benefits in settlement; and
- the amount of the obligation can be estimated reliably.

Provisions are disclosed in note 7.

1.9 Revenue

Revenue is measured at the fair value of the consideration received or receivable and represents the amounts receivable for goods and services provided in the normal course of business, net of trade discounts and volume rebates, and value added tax.

Interest

Interest is recognised, in profit or loss, using the effective interest rate method.

17. Related parties

Relationships

Key management personnel are those members having authority and responsibility for planning, directing and controlling the activities of the council. Key management personnel include the councillors, committee members and the Registrar.

Related party balances and transactions with persons with control, joint control or significant influence over the council.

| Related party transactions | | |
|---------------------------------------|---------|---------|
| Allowances | 652 360 | 694 215 |
| Committee meeting expenses | 316 963 | 274 039 |
| Council and sub-committee member fees | 379 338 | 362 342 |
| Locum fees | 143 474 | 133 406 |
| Preparation fees | 89 150 | 86 288 |
| Transport | 830 290 | 841 792 |

18. Going concern

The financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

19. Events after the reporting period

There were no adjusting events after the reporting period.

In February 2017 Council signed a contract to purchase properties Erf 30 and Portion 1 of Erf 35 in Hatfield, Pretoria for future development at R15 Million to address problems of office space and parking for staff, public and pharmacy professionals. The purchase was financed from savings that had been made over prior periods.

20. Financial risk management

The council's activities expose it to a variety of financial risks including interest rate risk, credit risk and liquidity risk. The council's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the council's financial performance.

Risk management is carried out by the senior management under financial policies approved by council members.

Liquidity risk

Prudent liquidity risk management includes maintaining sufficient cash and the availability of funding from an adequate amount of committed credit facilities. The council manages liquidity risk through the compilation and monitoring of cash forecasts, as well as ensuring that adequate borrowing facilities are maintained. The maturity profile of the council's financial instruments is less than 12 months.

Interest rate risk

The council's interest rate risk arises from the interest payable on operating leases. Interest rate is based on prime.

Credit risk

Credit risk consists mainly of cash deposits, cash equivalents and trade debtors. The council only deposits cash with major banks with high quality credit standing and limits exposure to any one counter party.

As at 31 December 2016, the carrying values of trade payables, cash and accrued expenses are assumed to approximate their fair values due to the short- term maturities of these financial statements.

| 2016 | 2015 |

21. Prior Period Errors

Management performed comprehensive reconciliations of member accounts during the year. It was identified that there were some members who were not invoiced in previous years. The annual fees and registrations fees for the previous years had to be adjusted retrospectively with the new invoices that were raised against member accounts. The impact of the prior period adjustment is noted below:

| | 2015 | 2014 | 2013 |
