Dear Mr Important

Application of Pharmacist Intern position 2019

A recent advertisement in the March/April issue of the South African Pharmaceutical Journal (SAPJ) caught my interest and I would like to apply for the position of pharmacist intern at the Boksburg branch of Fancy Company.

I fulfil all the requirements for this position as set out in the advertisement in terms of minimum qualification, skills and abilities. I believe my previous work experience in similar working environments would assist in a fast transition from pharmacy student to pharmacist intern in your Company. Besides the required competencies, I have an additional qualification in Microsoft and am familiar with the dispensing programme used by your Company. I see myself growing into a community pharmacy owner myself and believe that an internship at your Company would assist me in this career objective.

Thank you for your kind consideration of my application. I am looking forward to your feedback. If you need any other information please do not hesitate to contact me.

Kind regards

Awesome Student
